

St. Anthony School After School Program

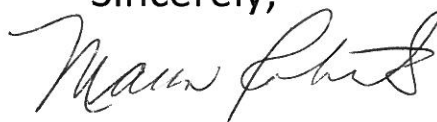

Dear Parents,

This is just a reminder that in order to have your child attend the After School Program you must complete an after school request the Thursday before the week/month you wish your child to attend.

Unfortunately the After School Program will not accept any children on a last minute basis. This is to avoid any confusion with the bookkeeping and staffing. The only exception to this rule is in an extreme emergency, in which case you must speak to the Principal. It is under the Principal's discretion to place your child in After School in an emergency situation.

Thank you for your cooperation in these matters.

Sincerely,

A handwritten signature in cursive script, appearing to read "Mrs. Roberts".

Mrs. Roberts
After School Coordinator
